Airport Service Quality (ASQ) Training Course

Introduction

Airport Service Quality (ASQ) is the global benchmark for measuring, managing, and improving the passenger experience across airports. Airport Service Quality (ASQ) Training Course equips participants with practical knowledge and industry-leading strategies for enhancing customer satisfaction, service excellence, operational efficiency, passenger journey optimization, digital transformation, airport hospitality, service innovation, stakeholder collaboration, and performance management. Participants will gain the competencies required to implement internationally recognized ASQ frameworks, improve airport competitiveness, strengthen passenger loyalty, and achieve sustainable service excellence in today's highly competitive aviation environment.

The course integrates global best practices, customer-centric service models, smart airport technologies, passenger feedback analytics, service recovery techniques, operational excellence, quality assurance, sustainability principles, and continuous improvement methodologies. Through practical case studies, interactive discussions, simulations, and performance evaluation tools, participants will develop the skills necessary to exceed passenger expectations while supporting regulatory compliance, airport branding, commercial growth, and long-term organizational success.

Course Objectives

By the end of this course participants will be able to:

- Understand global Airport Service Quality (ASQ) standards and frameworks.
- Enhance passenger experience using customer-centric service strategies.
- Apply digital transformation solutions to improve airport services.
