Course Curriculum & Modules

ERP Human Capital Management (HCM) Fundamentals Training Course

Introduction

In the digital era, organizations are striving to optimize workforce management and streamline HR processes. ERP Human Capital Management (HCM) is a pivotal solution that integrates recruitment, employee lifecycle management, payroll, and talent analytics into a single platform. ERP Human Capital Management (HCM) Fundamentals Training Course empowers participants with foundational knowledge and hands-on skills to effectively implement and manage ERP HCM systems, enabling smarter decision-making and enhancing overall organizational productivity.

Through this training, learners will gain insight into global HR best practices, automation of critical HR processes, and strategic workforce planning. Participants will explore real-world case studies, understand compliance frameworks, and learn to leverage data-driven HR insights, preparing them to drive operational excellence and achieve digital transformation in HR functions.

Course Duration

5 Days

Course Objectives

- Understand ERP HCM architecture and core functionalities
- Learn workforce management and HR automation techniques
- Master employee lifecycle management in ERP HCM
- Implement effective recruitment and onboarding strategies

- Explore performance management and appraisal frameworks
- Understand payroll, benefits, and compensation management
- Utilize HR analytics and reporting for data-driven decisions
- Optimize talent management and succession planning
- Learn compliance and regulatory frameworks in HCM
- Develop HR digital transformation strategies
- Gain proficiency in integrating ERP HCM with other business modules
- Analyze case studies for real-world HCM solutions
- Enhance user adoption through best practices and change management

Target Audience

- HR professionals seeking ERP HCM expertise
- HR managers and team leads
- Payroll and benefits specialists
- Talent acquisition and recruitment teams
- Organizational development consultants
- ERP consultants and implementation specialists
- Business analysts in HR domain
- IT professionals supporting HR systems

Course Modules
