Course Curriculum & Modules

IFRS Financial Statements Preparation and Disclosure Training Course

Introduction

IFRS Financial Statements Preparation and Disclosure Training Course is designed to equip finance professionals, accountants, auditors, and financial reporting specialists with practical knowledge and technical competencies in preparing, presenting, and disclosing financial statements in accordance with International Financial Reporting Standards (IFRS). The course explores the latest IFRS developments, financial reporting frameworks, accounting policies, recognition and measurement principles, financial statement presentation, and disclosure requirements. Participants will gain practical expertise in preparing accurate, transparent, consistent, and compliant financial reports that support corporate governance, regulatory compliance, financial transparency, and strategic decision-making.

Through practical exercises, international case studies, and real-world financial reporting scenarios, participants will develop advanced capabilities in financial statement preparation, consolidation, revenue recognition, lease accounting, impairment assessment, fair value measurement, and cash flow reporting. The programme also examines financial statement analysis, materiality assessments, accounting estimates, financial risk disclosures, and emerging sustainability-related reporting considerations. By integrating technical IFRS knowledge with practical reporting applications, the training strengthens financial reporting quality, audit readiness, internal controls, and stakeholder confidence in an increasingly complex global business environment.

Course Objectives

By the end of this course, participants will be able to:

- Apply IFRS requirements in financial statement preparation.
- Interpret international financial reporting standards.
- Prepare compliant general-purpose financial statements.
- Apply IFRS recognition and measurement principles.
- Implement effective financial disclosure practices.
- Prepare consolidated financial statements.
- Apply IFRS 15 revenue recognition requirements.
- Evaluate lease accounting under IFRS 16.
- Conduct impairment assessments under IAS 36.
- Prepare accurate cash flow statements.
- Assess fair value measurement under IFRS 13.
- Strengthen financial reporting controls and audit readiness.
- Integrate emerging IFRS amendments into reporting processes.

Organizational Benefits

- Improved accuracy and reliability of financial statements.
- Enhanced IFRS compliance and regulatory reporting.
- Increased transparency and accountability.
- Stronger corporate governance and internal controls.
- Improved audit efficiency and preparedness.
- Reduced financial reporting errors and compliance risks.
- Better investor and stakeholder confidence.
- Improved financial analysis and strategic planning.
- Standardized financial reporting procedures.
- Enhanced international financial reporting competitiveness.

Target Audiences

- Chief Financial Officers and Finance Directors.
- Accountants and Financial Reporting Managers.
- Internal and External Auditors.

- Financial Controllers and Accounting Supervisors.
- Corporate Finance and Treasury Professionals.
- Tax Consultants and Financial Analysts.
- Compliance and Risk Management Officers.
- Finance Consultants and Accounting Academics.

Course Duration: 5 days

Course Modules

Module 1: IFRS Framework and Financial Reporting Fundamentals

- IFRS conceptual framework and reporting principles.
- Qualitative characteristics of financial information.
- Accounting policies, estimates, and prior-period errors.
- Financial reporting regulatory requirements.
- Materiality and professional accounting judgment.

Module 2: Preparation and Presentation of Financial Statements

- Statement of financial position preparation.
- Statement of profit or loss and other comprehensive income.
- Statement of changes in equity.
- IAS 7 cash flow statement preparation.
- Comparative information and financial statement presentation.
- Case study: Financial statement preparation for a multinational manufacturing company.

Module 3: Revenue Recognition and Contract Accounting

- IFRS 15 five-step revenue recognition model.
- Identification of customer contracts and performance obligations.
- Transaction price allocation and variable consideration.
- Contract assets, liabilities, and receivables.
- Revenue disclosure and accounting judgments.
- Case study: Revenue recognition practices at international telecommunications companies.

Module 4: Assets, Liabilities and Impairment Accounting

- Property, plant and equipment under IAS 16.
- Intangible assets and development costs under IAS 38.
- Inventory valuation under IAS 2.
- Impairment testing under IAS 36.
- Provisions and contingent liabilities under IAS 37.
- Case study: Asset impairment assessment in global energy companies.

Module 5: Lease Accounting and Financial Instruments

- Lease identification and classification under IFRS 16.
- Right-of-use assets and lease liabilities.
- Financial instrument classification under IFRS 9.
- Expected credit loss measurement.
- Financial risk disclosures under IFRS 7.
- Case study: Lease accounting and financial instrument disclosures in international banking institutions.

Module 6: Consolidated Financial Statements and Business Combinations

- Subsidiary identification and control assessment.
- Consolidation procedures and adjustments.
- Goodwill recognition and measurement.
- Non-controlling interests and equity accounting.

- Business combinations under IFRS 3.
- Case study: Consolidated financial reporting of multinational corporate groups.

Module 7: Fair Value Measurement and Specialized Disclosures

- Fair value measurement under IFRS 13.
- Fair value hierarchy and valuation techniques.
- Related-party disclosures under IAS 24.
- Earnings per share under IAS 33.
- Events after the reporting period under IAS 10.
- Case study: Fair value disclosures and valuation practices in international investment companies.

Module 8: Financial Statement Disclosures, Compliance and Reporting Quality

- IFRS disclosure checklists and compliance reviews.
- Accounting policy and estimation disclosures.
- Going concern assessments and financial reporting judgments.
- Audit documentation and supporting schedules.
- Financial statement review and quality assurance.
- Case study: Financial reporting transparency and disclosure failures in major international corporations.

Training Methodology

- Instructor-led presentations and interactive discussions.
- Practical IFRS financial statement preparation exercises.
- International case studies and group assignments.
- Financial reporting simulations and disclosure reviews.
- Group presentations and peer-to-peer learning.
- Practical assessments, knowledge checks, and feedback sessions.
