Learning Dashboards for Teams Training Course

Monitoring and Evaluation • 5 Days Intensive • Accredited Certification

Course Overview

Learning Dashboards for Teams Training Course provides professionals with the skills to design, implement, and interpret interactive dashboards that monitor learning progress, competency development, and team engagement.

Key Skills & Software Tools Covered

Dashboard design • Performance tracking • Data visualization • Insight communication

Upcoming Training Schedules

Confirmed cohort intakes and venues. Both physical in-person classroom and live virtual online seats are available.

TRAINING DATES	LOCATION / VENUE	FORMAT / DURATION	INVESTMENT (FEE)
19 Jan 2026 – 23 Jan 2026	Nairobi	Classroom / 5d	**$1,500 USD / KES 110,000**
19 Jan 2026 – 23 Jan 2026	Kigali	Classroom / 5d	**$3,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Dubai	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Cape Town	Classroom / 5d	**$4,500 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Addis Ababa	Classroom / 5d	**$3,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Singapore	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Istanbul	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Bangkok	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Accra	Classroom / 5d	**$4,000 USD / KES 90,000**
26 Jan 2026 – 30 Jan 2026	Nairobi	Classroom / 5d	**$1,500 USD / KES 110,000**
26 Jan 2026 – 30 Jan 2026	Kigali	Classroom / 5d	**$3,000 USD / KES 90,000**

* Corporate discounts and customized cohort scheduling are available for teams of 3 or more participants.

Course Curriculum & Modules

Learning Dashboards for Teams Training Course

Introduction

In today’s data-driven organizations, learning dashboards have emerged as a pivotal tool for enhancing team performance, knowledge sharing, and learning analytics. Learning Dashboards for Teams Training Course provides professionals with the skills to design, implement, and interpret interactive dashboards that monitor learning progress, competency development, and team engagement. Participants will gain hands-on experience in visualizing learning data, identifying skill gaps, and optimizing team learning strategies to drive measurable outcomes. By leveraging real-time data insights and actionable metrics, teams can align their learning initiatives with organizational goals and foster a culture of continuous improvement.

This course is designed to equip participants with advanced skills in dashboard design, data visualization, learning analytics, and performance measurement. Through practical exercises, case studies, and collaborative projects, learners will understand how to transform raw data into intuitive dashboards that support decision-making, learning interventions, and strategic planning. By the end of the program, participants will be able to leverage dashboards to enhance team performance, track ROI of training programs, and facilitate knowledge-driven decision-making.

Course Duration

5 days

Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamentals of learning dashboards and their impact on team performance.
- Analyze learning data trends to identify skill gaps and training needs.
- Design interactive dashboards using modern tools and best practices.
- Apply data visualization principles to simplify complex learning metrics.
- Integrate key performance indicators (KPIs) for effective learning measurement.
- Develop customizable dashboards tailored to team learning objectives.
- Use dashboards for tracking learning progress and engagement metrics.
- Enhance knowledge retention and application through real-time insights.
- Evaluate the ROI of learning initiatives with actionable data.
- Implement gamification and engagement metrics in dashboard tracking.
- Collaborate effectively with stakeholders to align dashboards with strategic goals.
- Monitor training compliance, learning adoption, and performance improvements.
- Apply case-based scenarios to optimize learning interventions and decision-making.

Target Audience

- Learning and Development professionals
- HR managers and talent development specialists
- Team leaders and supervisors
- Project managers overseeing skill-building initiatives
- Data analysts in learning and performance
- Organizational development consultants
- E-learning coordinators and instructional designers
- Decision-makers seeking data-driven learning strategies

Course Modules

Module 1: Introduction to Learning Dashboards

- Definition, purpose, and impact on team learning
- Overview of dashboard types and formats
- Understanding metrics and KPIs for learning
- Case study: Dashboard adoption in a corporate training program
- Mapping team learning objectives

Module 2: Data Collection and Learning Analytics

- Identifying relevant learning data sources
- Methods for data gathering and integration
- Understanding learning analytics concepts
- Case study: Skill gap analysis using team learning data
- Collecting and cleaning learning datasets

Module 3: Dashboard Design Principles

- Principles of effective dashboard design
- Visual hierarchy, layout, and color theory
- Choosing appropriate chart types for learning metrics
- Case study: Designing dashboards for a remote team
- Sketching a prototype learning dashboard

Module 4: Tools for Learning Dashboards

- Overview of popular dashboard platforms (Power BI, Tableau, Google Data Studio)
- Selecting the right tool for team needs
- Integration with learning management systems (LMS)

- Case study: Dashboard implementation in a mid-size enterprise
- Creating a simple dashboard using a chosen platform

Module 5: KPI Management for Teams

- Defining learning KPIs and benchmarks
- Linking KPIs to organizational learning objectives
- Real-time monitoring of team performance
- Case study: KPI tracking for skill development in a project team
- Configuring KPI visualizations in dashboards

Module 6: Data Visualization and Interpretation

- Visual storytelling with dashboards
- Using charts, tables, and heatmaps for insights
- Interpreting trends and identifying actionable insights
- Case study: Improving engagement through visualization insights
- Transforming raw data into meaningful visuals

Module 7: Performance Monitoring and Reporting

- Tracking learning progress and team engagement
- Reporting structures for different stakeholders
- Predictive analytics for learning interventions
- Case study: Using dashboards to reduce skill gaps
- Generating reports from dashboard data

Module 8: Advanced Techniques & Continuous Improvement

- Integrating gamification and engagement analytics
- Customizable dashboards for evolving team needs
- Continuous evaluation and dashboard optimization
- Case study: Agile learning dashboard for fast-growing teams
- Iterating dashboard design based on feedback

Training Methodology

This course employs a participatory and hands-on approach to ensure practical learning, including:

- Interactive lectures and presentations.
- Group discussions and brainstorming sessions.
- Hands-on exercises using real-world datasets.
- Role-playing and scenario-based simulations.
- Analysis of case studies to bridge theory and practice.
- Peer-to-peer learning and networking.
- Expert-led Q&A sessions.
- Continuous feedback and personalized guidance.

Register as a group from 3 participants for a Discount

Send us an email: info@datastatresearch.org or call +254724527104

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

a. The participant must be conversant with English.

b. Upon completion of training the participant will be issued with an Authorized Training Certificate

c. Course duration is flexible and the contents can be modified to fit any number of days.

d. The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.

e. One-year post-training support Consultation and Coaching provided after the course.

f. Payment should be done at least a week before commence of the training, to DATASTAT CONSULTANCY LTD account, as indicated in the invoice so as to enable us prepare better for you.

Certification & Learning Methodology

- Hands-on practical delivery with real-world datasets, case studies, and lab exercises.
- Post-training mentorship, access to class resources, and customized follow-up support.
- Participants who successfully complete the course receive an accredited Datastat Certificate of Completion.

How to Enroll & Reserve Your Seat

1. Online Registration: Visit https://datastatresearch.org/courses/learning-dashboards-for-teams-training-course to register online.
2. Email Booking: Send participant details to training@datastatresearch.org for official invoice & reservation.
3. Support & Assistance: Inquire via phone +254 724 527 104 | +254 734 969 612.
