MIS Design for Sectoral M&E Training Course

Monitoring and Evaluation • 5 Days Intensive • Accredited Certification

Course Overview

MIS Design for Sectoral M&E Training Course equips participants with the knowledge and practical skills to design, implement, and optimize MIS tailored for sectoral M&E, ensuring data quality, timely reporting, and evidence-based policy formulation.

Key Skills & Software Tools Covered

System architecture • Data management • Reporting workflows • Performance tracking

Upcoming Training Schedules

Confirmed cohort intakes and venues. Both physical in-person classroom and live virtual online seats are available.

TRAINING DATES	LOCATION / VENUE	FORMAT / DURATION	INVESTMENT (FEE)
19 Jan 2026 – 23 Jan 2026	Nairobi	Classroom / 5d	**$1,500 USD / KES 110,000**
19 Jan 2026 – 23 Jan 2026	Kigali	Classroom / 5d	**$3,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Dubai	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Cape Town	Classroom / 5d	**$4,500 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Addis Ababa	Classroom / 5d	**$3,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Singapore	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Istanbul	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Bangkok	Classroom / 5d	**$5,000 USD / KES 90,000**
19 Jan 2026 – 23 Jan 2026	Accra	Classroom / 5d	**$4,000 USD / KES 90,000**
26 Jan 2026 – 30 Jan 2026	Nairobi	Classroom / 5d	**$1,500 USD / KES 110,000**
26 Jan 2026 – 30 Jan 2026	Kigali	Classroom / 5d	**$3,000 USD / KES 90,000**
26 Jan 2026 – 30 Jan 2026	Dubai	Classroom / 5d	**$5,000 USD / KES 90,000**

* Corporate discounts and customized cohort scheduling are available for teams of 3 or more participants.

Course Curriculum & Modules

MIS Design for Sectoral M&E Training Course

Introduction

In the era of data-driven decision-making, effective Management Information Systems (MIS) are crucial for enhancing monitoring and evaluation (M&E) across sectors. MIS Design for Sectoral M&E Training Course equips participants with the knowledge and practical skills to design, implement, and optimize MIS tailored for sectoral M&E, ensuring data quality, timely reporting, and evidence-based policy formulation. Participants will gain hands-on experience in MIS architecture, database management, data visualization, and integration with M&E frameworks, fostering efficiency and accountability in program monitoring.

This course emphasizes cutting-edge technologies, digital transformation, and sector-specific analytics to bridge the gap between data collection and actionable insights. Through real-world case studies and interactive exercises, learners will understand how to translate complex data into strategic intelligence that drives performance, resource optimization, and programmatic impact. By mastering MIS design, participants can support sustainable development goals (SDGs), strengthen governance, and enhance organizational decision-making in diverse sectors.

Course Duration

5 days

Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamentals of MIS architecture and system design for M&E.
- Apply data modeling and database management for effective sectoral monitoring.
- Develop customized dashboards and visual analytics for informed decision-making.
- Integrate MIS with M&E frameworks and sectoral KPIs.
- Implement real-time data collection and reporting systems.
- Ensure data quality, validation, and integrity in MIS.
- Use cloud-based MIS solutions and digital transformation strategies.
- Automate data aggregation, analysis, and feedback loops.
- Enhance decision-making through predictive analytics and trend analysis.
- Address ethical considerations and data security in MIS.
- Optimize resource allocation and program performance using MIS.
- Conduct sectoral MIS evaluations and system audits.
- Apply best practices and innovative technologies for sustainable M&E outcomes.

Target Audience

- M&E Officers and Managers
- Data Analysts and MIS Specialists
- Government Program Coordinators
- Development Partners and Donor Agencies
- Policy Advisors and Strategic Planners
- IT Professionals in Public and Private Sectors
- NGO Program Managers
- Researchers and Academic Professionals in Data Management

Course Modules

Module 1: Introduction to MIS for Sectoral M&E

- Fundamentals of MIS and its role in M&E
- Key components of MIS architecture
- Sectoral examples of MIS implementation
- Aligning MIS with strategic objectives
- Case Study: MIS for Health Sector Program Monitoring

Module 2: Data Collection & Management

- Designing effective data collection tools
- Data storage, cleaning, and validation
- Ensuring accuracy, consistency, and reliability
- Integration of multiple data sources
- Case Study: Education Sector MIS Data Management

Module 3: Database Design & Administration

- Principles of relational and non-relational databases
- Data modeling for M&E purposes
- Access control and database security
- Performance optimization strategies
- Case Study: Government Social Protection MIS Database

Module 4: Data Visualization & Reporting

- Dashboard design and reporting tools
- Visual analytics for decision-making
- Real-time reporting mechanisms
- Communicating findings to stakeholders

- Case Study: Agricultural Sector MIS Dashboards

Module 5: MIS Integration with M&E Frameworks

- Linking MIS to sectoral KPIs and indicators
- Designing automated monitoring workflows
- System interoperability and data exchange
- Case Study: Integrated MIS for Water & Sanitation Programs

Module 6: Cloud-based Solutions & Digital Transformation

- Leveraging cloud technologies for MIS
- Mobile-based and remote data collection
- Cloud security and compliance
- Enhancing accessibility and scalability
- Case Study: Cloud MIS for Disaster Management Programs

Module 7: Advanced Analytics & Decision Support

- Predictive analytics and trend forecasting
- Using MIS for program evaluation
- Identifying bottlenecks and performance gaps
- Evidence-based decision-making
- Case Study: Predictive Analytics in Public Health MIS

Module 8: MIS Evaluation, Ethics & Sustainability

- Conducting MIS audits and evaluations
- Ethical considerations and data protection
- Maintaining long-term MIS sustainability
- Lessons learned and best practices
- Case Study: Ethical MIS Implementation in Humanitarian Programs

Training Methodology

This course employs a participatory and hands-on approach to ensure practical learning, including:

- Interactive lectures and presentations.
- Group discussions and brainstorming sessions.
- Hands-on exercises using real-world datasets.
- Role-playing and scenario-based simulations.
- Analysis of case studies to bridge theory and practice.
- Peer-to-peer learning and networking.
- Expert-led Q&A sessions.
- Continuous feedback and personalized guidance.

Register as a group from 3 participants for a Discount

Send us an email: info@datastatresearch.org or call +254724527104

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

a. The participant must be conversant with English.

b. Upon completion of training the participant will be issued with an Authorized Training Certificate

c. Course duration is flexible and the contents can be modified to fit any number of days.

d. The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.

e. One-year post-training support Consultation and Coaching provided after the course.

f. Payment should be done at least a week before commence of the training, to DATASTAT CONSULTANCY LTD account, as indicated in the invoice so as to enable us prepare better for you.

Certification & Learning Methodology

- Hands-on practical delivery with real-world datasets, case studies, and lab exercises.
- Post-training mentorship, access to class resources, and customized follow-up support.
- Participants who successfully complete the course receive an accredited Datastat Certificate of Completion.

How to Enroll & Reserve Your Seat

1. Online Registration: Visit https://datastatresearch.org/courses/mis-design-for-sectoral-m-e-training-course to register online.
2. Email Booking: Send participant details to training@datastatresearch.org for official invoice & reservation.
3. Support & Assistance: Inquire via phone +254 724 527 104 | +254 734 969 612.
