Course Curriculum & Modules

Odoo Inventory and Purchase Flow Training Course

Introduction

In today’s fast-paced business environment, efficient inventory and purchase management is crucial for operational excellence and cost optimization. Odoo Inventory & Purchase Flow training equips professionals with the skills to streamline procurement, manage stock, and optimize warehouse operations using one of the most powerful ERP platforms. Odoo Inventory and Purchase Flow Training Course provides hands-on experience with real-time inventory tracking, automated purchase workflows, supplier management, and data-driven decision-making, ensuring that participants can implement industry best practices in any organizational setup.

Designed for supply chain managers, procurement officers, and ERP specialists, this course emphasizes practical application, enhancing inventory accuracy, procurement efficiency, and cost control. Participants will gain actionable insights into Odoo’s integrated inventory modules, enabling seamless coordination between procurement, inventory, and sales. By the end of the program, learners will possess the skills to automate repetitive tasks, reduce stock discrepancies, and leverage analytics to drive smarter business decisions.

Course Duration

5 days

Course Objectives

- Master Odoo Inventory Management and real-time stock tracking.
- Optimize procurement workflows for efficiency and cost savings.

- Implement automated purchase order generation and vendor management.
- Apply warehouse optimization techniques using Odoo.
- Streamline inventory replenishment with automated triggers.
- Improve stock accuracy through cycle counting and audits.
- Integrate purchase and inventory flows for seamless operations.
- Utilize data-driven insights for demand forecasting and planning.
- Understand multi-warehouse and multi-location management.
- Reduce operational costs with strategic procurement practices.
- Enhance ERP proficiency for professional growth.
- Implement best practices for inventory control in Odoo.
- Develop reporting and analytics skills for informed decision-making.

Target Audience

- Supply Chain Managers
- Procurement Officers
- Inventory Controllers
- Warehouse Managers
- ERP Consultants
- Business Analysts
- Operations Managers
- Small & Medium Enterprise Owners
