Course Curriculum & Modules

Oracle Fusion Procurement Essentials Training Course

Introduction

Oracle Fusion Procurement Essentials Training Course is designed to equip professionals with the practical skills and in-depth knowledge required to streamline procurement processes in modern organizations. Leveraging Oracle's advanced cloud solutions, this course empowers participants to optimize sourcing, supplier collaboration, purchasing, and strategic procurement decisions. With a focus on real-world applications, participants will learn to implement best practices, enhance operational efficiency, and drive cost savings using Oracle Fusion Procurement.

This course integrates hands-on exercises, case studies, and scenario-based learning to provide a comprehensive understanding of Oracle Fusion Procurement modules. Participants will gain expertise in supplier management, purchase order automation, self-service procurement, and analytics. By the end of the program, professionals will be fully capable of managing end-to-end procurement processes, ensuring compliance, and leveraging insights for strategic decision-making.

Course Duration

5 days

Course Objectives

- Master Oracle Fusion Procurement cloud architecture and its core modules.
- Implement end-to-end procurement lifecycle management efficiently.
- Optimize supplier collaboration and performance management.

- Automate requisitioning and purchase order processing.
- Enhance sourcing strategies and manage supplier negotiations effectively.
- Execute procurement contracts and monitor compliance.
- Integrate procurement processes with Oracle Fusion Financials.
- Leverage analytics for procurement performance insights.
- Streamline self-service procurement for employees.
- Mitigate risks and ensure procurement regulatory compliance.
- Apply real-world case studies to solve procurement challenges.
- Implement best practices for inventory and supplier management.
- Develop strategic decision-making skills using Oracle Fusion reporting tools.

Target Audience

- Procurement Managers
- Supply Chain Professionals
- Finance and Accounts Professionals
- Sourcing Specialists
- ERP Consultants
- Business Analysts
- Inventory Managers
- IT Professionals supporting ERP implementations
