Course Curriculum & Modules

Payroll Configuration Basics in ERP Training Course

Introduction

Payroll Configuration Basics in ERP Training Course is designed to equip HR and finance professionals with the essential skills to effectively manage payroll processes using modern Enterprise Resource Planning (ERP) systems. Payroll Configuration Basics in ERP Training Course focuses on practical applications, empowering participants to automate payroll operations, ensure compliance with statutory regulations, and enhance data accuracy. Leveraging real-world scenarios, participants will gain hands-on experience in configuring payroll components, understanding tax calculations, and streamlining employee compensation management.

In today's fast-evolving digital workplace, efficient payroll management is critical for operational excellence and employee satisfaction. This training emphasizes high-demand skills, including ERP payroll automation, payroll reporting analytics, statutory compliance, and integration with HR and finance modules. Participants will acquire actionable insights to optimize payroll workflows, reduce errors, and support strategic decision-making, positioning themselves as payroll configuration experts in a competitive landscape.

Course Duration

5 days

Course Objectives

- Understand the fundamentals of ERP Payroll Configuration
- Configure organizational structures and payroll areas in ERP
- Master payroll schema and rules setup for accurate salary calculation

- Implement employee master data and wage types efficiently
- Automate statutory deductions and compliance reporting
- Integrate payroll with HR and finance modules for seamless operations
- Generate payroll reports and analytics for management insights
- Manage off-cycle payroll and retroactive accounting processes
- Apply best practices in payroll auditing and reconciliation
- Troubleshoot common payroll configuration issues effectively
- Learn payroll automation using trending ERP tools
- Enhance payroll security and data privacy compliance
- Gain hands-on experience through real-world payroll case studies

Target Audience

- HR Professionals
- Payroll Executives
- Finance and Accounting Staff
- ERP Functional Consultants
- HR Analysts
- Payroll Administrators
- HR Managers
- IT Professionals supporting HR/Finance modules
