Course Curriculum & Modules

PeopleSoft Financials Training Course

Introduction

PeopleSoft Financials Training Course is meticulously designed to equip professionals with in-depth expertise in enterprise financial management, streamlined accounting processes, and comprehensive reporting solutions. This course empowers learners to leverage PeopleSoft Financials modules, optimize financial operations, and enhance organizational efficiency. Participants will gain practical knowledge in accounts payable, accounts receivable, general ledger, and asset management, ensuring they can drive financial transformation and support strategic decision-making in dynamic business environments.

With a focus on hands-on learning, real-time case studies, and practical application, this course transforms learners into PeopleSoft Financials experts. By integrating ERP best practices, automation strategies, and compliance frameworks, participants will master tools to manage complex financial processes. Our training methodology emphasizes interactive workshops, scenario-based learning, and process simulations, enabling professionals to confidently implement financial solutions, optimize workflows, and elevate organizational performance in both corporate and global business landscapes.

Course Duration

5 days

Course Objectives

- Master PeopleSoft Financials modules for comprehensive financial management.
- Streamline accounts payable and receivable processes with automation.

- Optimize general ledger management for accurate reporting.
- Implement asset management strategies for effective resource utilization.
- Enhance financial reporting and analytics for data-driven decisions.
- Apply budgeting and forecasting techniques using PeopleSoft tools.
- Ensure regulatory compliance and audit readiness in financial operations.
- Integrate ERP best practices into organizational financial workflows.
- Leverage workflow automation to improve operational efficiency.
- Utilize real-time dashboards and KPIs for financial monitoring.
- Develop cost control and financial optimization strategies.
- Solve complex accounting scenarios through hands-on case studies.
- Build expertise to become a PeopleSoft Financials certified professional.

Target Audience

- Financial analysts and accountants
- ERP consultants and implementation specialists
- Finance managers and controllers
- Internal auditors and compliance officers
- IT professionals supporting finance systems
- CFOs and financial operations leaders
- Business analysts in finance domains
- Students and professionals seeking PeopleSoft Financials certification
