## Course Curriculum & Modules

**Public-Private Partnership Project Recovery Strategies Training Course**

**Introduction**

**Public-Private Partnership Project Recovery Strategies Training Course provides a practical and strategic framework for diagnosing, stabilizing, restructuring, and recovering underperforming Public-Private Partnership projects. The course focuses on Public-Private Partnership project recovery, distressed infrastructure projects, contract restructuring, financial recovery, risk management, stakeholder engagement, performance improvement, dispute resolution, and project governance. Participants will learn how to identify early warning indicators, conduct comprehensive project health assessments, develop recovery plans, restore operational performance, and protect public value while maintaining commercial viability.**

**The course integrates global best practices, data-driven project diagnostics, financial modelling, contract management, negotiation strategies, institutional governance, and crisis management. Through practical exercises and international case studies, participants will examine how governments, private partners, lenders, regulators, and project stakeholders can collaborate to recover troubled Public-Private Partnership projects. Emphasis is placed on sustainable project turnaround, value-for-money protection, service continuity, resilience, transparency, and long-term infrastructure performance.**

### Course Objectives

By the end of this course, participants will be able to:

- Apply advanced Public-Private Partnership project recovery strategies and turnaround frameworks.
- Diagnose financial, operational, contractual, and governance failures.
- Identify early warning indicators and emerging project distress.
