Course Curriculum & Modules

Public Expenditure Tracking and Financial Accountability Training Course

Introduction

Public Expenditure Tracking and Financial Accountability Training Course is designed to strengthen institutional capacity in public financial management, budget transparency, expenditure monitoring, and accountability mechanisms. The course equips participants with practical knowledge and skills to track public funds from budget allocation to final service delivery, identify financial leakages, detect irregular expenditure, and promote efficient resource utilisation. It explores public expenditure analysis, budget execution, fiscal governance, financial oversight, audit compliance, performance monitoring, and evidence-based decision-making to enhance transparency and integrity in the management of public resources.

The training further examines international best practices, digital financial management systems, participatory budgeting, public procurement oversight, and results-based expenditure monitoring. Participants will explore global case studies and practical approaches for strengthening financial controls, improving public sector accountability, preventing corruption, and promoting value for money. The course supports institutions in developing sustainable expenditure tracking frameworks, strengthening stakeholder engagement, improving service delivery outcomes, and ensuring that public funds achieve their intended development objectives.

Course Objectives

By the end of this course, participants will be able to:

- Understand public expenditure tracking frameworks and principles.
- Strengthen public financial management and fiscal accountability.
- Analyse budget allocations, disbursements, and expenditure patterns.
- Identify financial leakages, fraud risks, and irregular expenditure.
- Apply transparency and accountability mechanisms in public institutions.
- Evaluate budget execution and financial performance.
- Strengthen internal controls and expenditure monitoring systems.
- Improve public procurement and contract expenditure oversight.
- Apply data analytics in public expenditure tracking.
- Promote citizen participation and social accountability.
- Strengthen audit compliance and financial reporting.
- Evaluate value for money and public service delivery outcomes.
- Develop effective expenditure tracking and accountability strategies.

Organizational Benefits

- Improved transparency in public resource management.
- Stronger financial controls and accountability systems.
- Reduced financial leakages and expenditure irregularities.
- Enhanced budget implementation and monitoring.
- Improved institutional audit readiness and compliance.
- Better allocation and utilisation of public funds.
- Strengthened stakeholder and citizen engagement.
- Improved procurement oversight and financial governance.
- Enhanced service delivery and operational efficiency.
- Increased public trust and institutional integrity.

Target Audiences

- Government finance and accounting officers.
- Public sector auditors and internal control professionals.
- Budget analysts and expenditure monitoring specialists.
- Treasury and public financial management officials.

- Procurement and supply chain management professionals.
- Development partners and donor-funded programme managers.
- Civil society and public accountability practitioners.
- Monitoring, evaluation, and governance professionals.

Course Duration: 5 days

Course Modules

Module 1: Foundations of Public Expenditure Tracking

- Principles and frameworks of public expenditure tracking.
- Public financial management systems and accountability.
- Budget allocation, disbursement, and expenditure cycles.
- Institutional roles in tracking public resources.
- Challenges affecting public expenditure transparency.
- Case study: Uganda's Public Expenditure Tracking Surveys and education sector funding.

Module 2: Budget Analysis and Expenditure Monitoring

- Government budget formulation and approval processes.
- Tracking budget allocations and actual expenditures.
- Variance analysis and expenditure performance indicators.
- Monitoring intergovernmental fiscal transfers.
- Identifying budget implementation gaps.
- Case study: India's social sector expenditure monitoring initiatives.

Module 3: Financial Accountability and Internal Controls

- Financial accountability principles and institutional responsibilities.
- Internal control frameworks and risk assessment.
- Prevention of fraud, corruption, and financial mismanagement.
- Financial documentation and expenditure verification.
- Strengthening institutional accountability mechanisms.
- Case study: United Kingdom public sector financial control and audit frameworks.

Module 4: Public Procurement and Expenditure Oversight

- Public procurement regulations and financial compliance.
- Contract monitoring and expenditure verification.
- Procurement fraud detection and risk management.
- Monitoring supplier payments and contract performance.
- Promoting transparency in public procurement.
- Case study: South Korea's digital procurement system and expenditure transparency.

Module 5: Audit, Compliance and Financial Reporting

- Public sector auditing standards and procedures.
- Internal and external audit coordination.
- Financial reporting and expenditure reconciliation.
- Audit findings, recommendations, and corrective actions.
- Compliance monitoring and accountability reporting.
- Case study: South Africa's public sector audit oversight framework.

Module 6: Citizen Participation and Social Accountability

- Participatory budgeting and community monitoring.
- Social audits and citizen expenditure tracking.
- Stakeholder engagement and public disclosure.
- Community scorecards and feedback mechanisms.
- Strengthening transparency through civic participation.

- Case study: Brazil's participatory budgeting experience in Porto Alegre.

Module 7: Digital Tools and Data Analytics in Expenditure Tracking

- Digital public financial management systems.
- Financial data collection and expenditure analysis.
- Using dashboards for budget monitoring.
- Detecting expenditure anomalies through data analytics.
- Digital transparency and open budget platforms.
- Case study: Philippines' electronic procurement and government financial transparency initiatives.

Module 8: Performance Monitoring and Value for Money

- Measuring public expenditure efficiency and effectiveness.
- Value-for-money assessment and performance indicators.
- Linking expenditure to development outcomes.
- Monitoring programme outputs and service delivery.
- Developing sustainable expenditure accountability frameworks.
- Case study: Rwanda's performance-based public sector accountability and service delivery model.

Training Methodology

- Interactive presentations and facilitated discussions.
- Practical public expenditure tracking exercises.
- International case studies and group assignments.
- Budget analysis and financial reporting simulations.
- Role-playing and institutional accountability scenarios.
- Group presentations, knowledge assessments, and action planning.
