Course Curriculum & Modules

SAP Fiori: UX for S/4HANA Users Training Course

Introduction

SAP Fiori represents the next-generation user experience (UX) for S/4HANA, redefining how users interact with enterprise applications. SAP Fiori: UX for S/4HANA Users Training Course is designed to empower participants with the skills to navigate, configure, and optimize SAP Fiori apps, driving digital transformation, enhanced productivity, and business efficiency. Participants will learn how to leverage SAP Fiori's intuitive design principles, responsive interfaces, and role-based access to streamline workflows and improve decision-making.

As organizations increasingly adopt S/4HANA, the demand for professionals proficient in SAP Fiori is skyrocketing. This course combines hands-on exercises, real-world case studies, and best practices to ensure learners gain actionable skills for UX design, app personalization, and SAP Fiori implementation. By the end of this program, participants will confidently design and use SAP Fiori apps to achieve maximum operational efficiency and user adoption.
