Sentiment Analysis for Market Research and Social Media Training Course

Introduction

Understanding consumer sentiment has become an essential pillar in the digital marketing landscape. With the rise of social media and online reviews, organizations must harness sentiment analysis to decode customer emotions, monitor brand perception, and make data-driven decisions. Sentiment Analysis for Market Research and Social Media Training Course empowers learners with the latest tools and techniques in natural language processing (NLP), machine learning, and social listening, equipping them to extract meaningful insights from vast unstructured data.

Designed for professionals, analysts, and strategists, this industry-relevant training covers real-time sentiment tracking, text classification, and AI-powered opinion mining for enhanced market research, competitive intelligence, and social media analytics. Learners will work with powerful platforms like Python (NLTK, TextBlob, VADER), R, RapidMiner, and Power BI while applying concepts through practical case studies across multiple sectors.

Course Objectives
