Sustainable Library Management Training Course

Introduction

Sustainable Library Management is transforming modern libraries into resilient, environmentally responsible, technology-driven, and community-centered knowledge hubs. Sustainable Library Management Training Course equips participants with practical strategies to integrate sustainability, green library practices, digital transformation, energy efficiency, resource optimization, environmental stewardship, ESG principles, smart technologies, and circular economy concepts into library operations. Participants will explore innovative approaches for managing collections, facilities, digital resources, and stakeholder engagement while aligning library services with international sustainability standards and institutional development goals.

The course emphasizes sustainable leadership, climate resilience, digital preservation, renewable resource utilization, smart infrastructure, inclusive access, knowledge management, sustainable procurement, performance measurement, and continuous improvement. Through practical case studies and global best practices, participants will develop competencies to enhance operational efficiency, reduce environmental impacts, strengthen community engagement, and position libraries as catalysts for sustainable development and lifelong learning.

Course Objectives

By the end of this course participants will be able to:
